New Directors' Profiles

Carola von Hahn

Carola von Hahn is looking forward to rejoining the Board following a one-year break after the conclusion of her three consecutive terms with the Society in 2025. With six prior periods of Board service, Carola brings valuable experience, continuity, and a deep understanding of the Society's work.

Carola is a retired physiotherapist with a strong professional background in rehabilitation and specialized in chronic diseases. She continues to share her knowledge and passion by teaching fitness classes for seniors.

Through her long-standing relationship with the Society and her heartfelt support in helping bring the vision of Comfortzeit® and the new care home to life, Carola remains deeply committed to enhancing the quality of life of seniors in long-term care.

She looks forward to contributing her experience, compassion, and dedication to the Board of the German-Canadian Benevolent Society of BC.

Lillian Simon

Lillian Simon is an equity-focused healthcare leader with experience in clinical operations, system transformation, and community-based care. She currently serves as the Clinical Operations Manager in Home Health with Vancouver Coastal Health.

Her background highlights a focus on regional public health initiatives, community health procurements tailored to diverse population needs, and the optimization of client-centered care models.

Lillian also brings a strong foundation in community-focused governance, having spent many years supporting early learning and childcare infrastructure as a board member for a regional non-profit organization.

Lillian holds a Master of Public Health from King's College London and a Bachelor of Commerce in Finance from the University of British Columbia.
